

## Scenario

---

You are working as a trainee Website Designer for Progress Leisure Fishing Club. You have been asked to update one partly completed web page and to create a new page using images and text which have been provided for you.

### TASK 1

Before you begin this task make sure you have all the files below in one folder.

- The unlinked HTML formatted page **welcome.htm**
- This page requires the image files **fc-home.jpg** and **email.gif**
- The image **new.jpg**
- The text file **members.txt**.

**Make sure you save your updated web page, your new web page and all images in the same folder.**

1 Name/rename the folder containing all the files with your **name**

2 Open suitable software for editing and creating web pages.

You have been asked to create content for a new web page.

3 a) in your web page editing software, create a new document.

d) Insert the text file **members**.

c) Check that each paragraph is separated by one clear linespace.

d) After the text **back to home page** insert a clear linespace and enter the following text on one line:

**Updated by (your name), your student number, the date**

e) Save your document using the filename **newmems.html**.

## TASK 2

---

1. Add a tag around the main heading "**NEW MEMBERS ARE ALWAYS WELCOME!**", so it stands out from the rest of the text.
2. Add a smallest heading text for the subheadings:  
**"The Progress Leisure Fishing Club is eager to expand."**  
**"The 'Added Value' of Angling Intervention Programmes"**
3. Insert a horizontal rule after the sentence "**Back to home page**" and "**The Progress Leisure Fishing Club is eager to expand.**"
4. Insert a line break after the sentence "**We identified four key approaches:**" and "**... socially excluded young people in relation to:**"
5. Find and change the word **cafe** into **café** using HTML special characters.
6. Use a special character to replace the ° symbols on the page.
7. Ensure that there are 2 spaces after every full stop/period sign in the document.
8. Check to make sure that there are no unrecognisable signs on the page (you may need to open the document in a different browser).
9. Save your document using the same filename **newmems.html** and email to your tutor.
